

S E R V E R

Refreshing ways to serve beverages.

Beverage service equipment designed to serve you better.

Dispensing equal parts quality and ingenuity.

Strengthen your beverage program with smarter equipment from Server. Operationally efficient dispensers and food holders are made to fit your operation. From drink bases and crumbles to syrups, solids and more, we can help you serve better every day with equipment designed to improve your bottom line.

Dry Food Dispensers

Control and adjust portions as needed and attractively merchandise dry toppings and inclusions in less space. Wall-mount, countertop or handheld solutions available.

Signature Touch™ Squeeze Bottle Warmer

Heat syrups and sauces for quick and easy drizzling and plating. Temperature-sensing thermostat prevents overheating and reduces costly energy waste.

InSeason™ Seasoning Dispensers

Ensure precise ingredient portions and consistent flavor with a handheld, durable device that you can keep wherever you need it. Available in spread and drop models for high and low temperature applications.

DIFFERENT
IS BETTER

We specialize in delivering point-of-use dispensing solutions for heated, chilled or ambient foods. All to reduce your environmental footprint, cut costs and boost your bottom line.

WireWise™ Organizers

Save space and keep jugs, bottles and jars easily accessible with tiered racking. Attractive, durable and lightweight wire frame.

Lemon Server

Keep fresh lemons cold up to 4 hours with a single eutectic ice pack. Self-serve station improves drink quality and customer experience.

Customized Topping Stations

Control portions of liquid toppings and ladled solids in a compact dispensing station. Bases for ambient or chilled foods can be customized with pumps, ladles, dishers, spoons and tongs.

SweetStation™ Sweetener Dispensers

Increase drink speed of service with preset sweetener portions equivalent to common portion packs. Color-coded flavor decals and portion triggers allow for easy brand identification.

Reusable Eco™ Food Container Pumps

Precise portion control, clean-in-place certified and years of trouble-free service. The reliable choice of chains to reduce landfill waste and eliminate the recurring expense of disposable pumps.

Minimal Landfill Impact

Disposable pumps cannot be cleaned and quickly end up in the landfill. Our reusable stainless steel hybrid pumps are clean-in-place certified, NSF-listed and provide years of accurate, adjustable portion control – paying for themselves in just a few months.

Tiered Space Solutions

By combining a topping station with a tiered WireWise™ rack, you can maximize limited space and increase speed of beverage service.

Why better matters.

Whether helping you conserve energy, reduce waste, cut costs, save time or lessen your environmental footprint, at Server we believe better really does matter. Helping you serve better keeps us focused on delivering best-in-class products, service and support — all backed by the integrity and trust we have built our reputation on for more than 65 years.

Built to be better.

2 YEAR
WARRANTY

Our high-quality, dependable products are backed by a Two-Year Warranty.

Meticulously designed and fabricated, our products are proudly built in the U.S.A.
